

After School/School Day Reflection Sheet

Teacher: _____

Date: _____

1) After spending time in the classroom think about a technique that the teacher uses with his/her students. Write about the technique and why it is effective. Alternatively, write about something that makes the class work efficiently and why?

2) Is this something you can use in your own teaching? If so, write about how this can be done. If not, write about why it is not realistic and think of a different way to improve your class.

Use this space for extra notes or feedback.
